about me

I've been a **web developer for 5 years**, I work with **Java, Javascript and PHP**. I'm really concerned about **quality and process** who can improve product quality.

I work daily with tools like **GitLab, Redmine and Jira**.

work experience

2015 - today **Smile** Nantes, France

Study and development engineer

I work with a small team (3-4 people) for maintenance and evolution on a 10 websites platform using Jahia.

- I get client's issues, analyze them and dispatch to the team, we use GitLab to centralize work on the platform.
- I develop automatic test on a Java application with Play! Framework.
- I am in charge of delivery process.

2011 - 2014 **Medialibs** Nantes, France

Programmer analyst

I worked on technical specifications to answer customer's problematics. I developed following the specifications. I was in charge of bug fixes or evolution on these applications.

- Analysis and conception for a customization tool with HTML5 and Canvas
- Integration of web-services for e-commerce delivery (Mondial Relay, So Colissimo)
- Integration of payment modules on e-commerce websites

2009 - 2011 **Ecom POP** Angers, France

Front-end & back-end developer

I develop front-end part for websites with Open Source CMS (Wordpress, Prestashop) & proprietor CMS (e-majine, izi-media)

I create Adobe Flash application, custom Javascript and PHP development to fit customer needs.

- Front-end for several guest house
- Front-end Javascript developments (AJAX data loading, rich menu...)

education

2010 - 2011 **LP CRSPM option e-learning** - bachelor equivalent IUT of Laval, France

Training specialised in web development, with different methods and languages, this year was in co-operative educational program with a web agency, Ecom POP.

2008 - 2010 **DUT SRC** - two-year university degree in technology IUT of Laval, France

Global training in web development, marketing and communication. The second year was in co-operative educational program with a web agency, Ecom POP.

2008 **Baccalauréat** - French secondary high-school degree
